Safety Reminder: Rain & Wildlife

As we enter April, let's stay alert to the changing conditions on our job sites. April brings rain showers and increased bee and wildlife activity. Here are some quick tips:

Rain Awareness: Watch for slippery surfaces and erosion. Wear appropriate footwear and use caution in wet conditions.

Bee and Wildlife Awareness: Be mindful of bees and other wildlife. Report sightings promptly and avoid disturbing their habitats.

Precautionary Measures: Carry EpiPens and allergy medications in case of bee stings or allergic reactions. Wear protective clothing to minimize exposure.

Let's prioritize safety as we work through April's challenges.

Stay informed, stay safe.
