

## RADIO ISLAND

Our Railroad Division is proud to announce the successful completion of a major project at the Port of Morehead City. The team demolished the old railyard and constructed 5,250 feet of new railroad track, significantly enhancing the port's railcar storage capacity. This upgrade will streamline port operations, allowing for more efficient handling of cargo and improving overall logistical capabilities.

### Secure Your Future

A quick announcement from our Human Resources department:

It's time to explore investment options, optimize your retirement savings, and make informed decisions to secure your financial future.

Justin Wolfe, our 401(k) representative, will be at our corporate office for two days during the first week of October. Keep an eye out for more details in your inbox.

### RAIL SAFETY

With upcoming rail projects, we will be updating outdated and expiring Rail/Roadway Worker Protection training to maintain a high standard of knowledge and safety for all personnel. We are committed to the well-being of our team and the success of our operations.

*Safety Tip:* When utilizing rail-dogs, make sure to use properly rated chains that are free from defects and damage.

### EMPLOYEE OF THE MONTH

Congratulations to Brandon Boyd, our Employee of the Month! Brandon's extensive knowledge and experience as a railroad equipment operator continue to be invaluable assets to our team.
