

## EMPLOYEE SPOTLIGHT

This month's Employee Spotlight shines on Pat Schleyer, a dedicated foreman known for his excellent leadership and organizational skills. Pat consistently keeps projects on track with his keen attention to detail and ability to lead teams effectively. His commitment to efficiency and teamwork makes him an invaluable asset to every job he takes on.

## PROJECT HIGHLIGHT

## CAMP HALL RAIL EXPANSION

Our Civil Division is hard at work constructing seven miles of roadbed to serve as the foundation for a new rail line for Palmetto Railways. The team is currently preparing the subgrade for granular fill, installing geogrid to reinforce stability, and executing a deep soil mixing (DSM) bridge lift to enhance load-bearing capacity. Additionally, the installation of a storm drain system is essential for effective water management and long-term infrastructure integrity. This comprehensive approach guarantees a high-quality railbed designed to meet industry standards and support future rail operations.

## OPEN ENROLLMENT FOR 2025

Civil Works Contracting employees can enroll or make changes to their health, dental, and vision insurance benefits from April 28th to May 9th. Don't miss this opportunity to review your coverage and ensure you have the benefits that best fit your needs.

## JOBSITE SAFETY TIP

On an earth-moving construction site, always maintain a safe distance from operating machinery and stay within designated walkways. Operators should conduct pre-shift equipment inspections, use spotters when maneuvering in tight spaces, and ensure backup alarms are functional. All personnel must wear high-visibility gear and maintain constant communication to prevent accidents. Awareness and proper protocols keep everyone safe on the job site.
